

Vacancy Notice

Train Driver

Location: Crewe Diesel Depot

The UK's newest Train Operating Company is looking to recruit an experienced Train Driver to join our team. Our ideal candidate will be well experienced in Passenger and Freight operations with particular emphasis on Charter Train service delivery. Whilst not required to currently hold Steam Locomotive competence, a passion for heritage rail vehicles and the willingness to develop into becoming a Steam Locomotive mainline driver is essential. Previous experience of heritage equipment would be advantageous.

Role Summary.

Based at Crewe Diesel Depot, this role as a Train Driver for Locomotive Services (TOC) Limited will add additional capability to our small operations team. In the first instance the role will assist in the safe and efficient operation of our services emanating from Crewe Diesel Depot and Carriage Sidings, including yard shunting and train preparation as required. It is anticipated that the role will develop over time to include Steam Locomotive Driver competency. This development will be aligned with the continuing growth of the Locomotive Services (TOC) Limited.

Key Skills

- Qualified Train Driver with a minimum of 10 years' post qualifying experience.
- Understanding of Charter Train service delivery using Diesel or Electric Traction.
- Proven experience of railway control and operations methodology
- Experience of Operations Management would be advantageous.

This is a full-time management role and requires flexible working hours and days to suit the needs of the organisation. Weekend working will be required.

Competitive Salary, dependant on experience

Applications in writing or via email with a covering letter and current CV to:
